

# Gorecord Uninstallation Process

The user can easily uninstall Gorecord anytime from the program list or the Control Panel. If the user has chosen the ad-supported version, they will no longer see any ads after uninstalling the software.

The user can also uninstall the software by going to the Control Panel, clicking on Add/Remove Programs and selecting the “Change/Remove” button on the Gorecord Software entry.

## **What is an ad-supported software?**

**It is a free software supported by advertising. The user can enjoy its use for free by agreeing to receive advertising.**

**An ad-supported software does not:**

- hijack home pages
- add items to user's favorites
- modify security related settings
- prevent security related software from running
- alter cookies or URLs

**ALL OUR SOFTWARE IS NOT SPYWARE.**

**Information is NEVER collected from users.**
